

Umbrella Team Agenda
April 28, 1997
12:30 p.m. to 4:30 p.m.
Room 1320, Resources Building
1416 Ninth Street, Sacramento

Meeting Objectives:

- To provide an overall ranking of the revised stressors, the geographic areas, and the priority species.
- To review and evaluate the actions identified by the geographic teams.

12:30 Welcome

Review agenda

12:40 Provide overall ranking of revised stressors, geographic areas, and the priority species

1:00 Review CALFED "straw" ranking of unranked geographic areas

1:15 Evaluate the types of actions and the priorities assigned to them by the technical teams

Are there additional types of actions?

Are any of the types of actions listed technically inappropriate?

Are the actions all under the most applicable stressor recognizing that many actions address multiple stressors?

3:30 Break

3:45 Criteria that will be used to evaluate the biological effectiveness of proposed actions

Brainstorm additional criteria that could be used to measure the biological effectiveness of the different types of actions.

4:15 Next steps

4:30 Adjourn
